The Vancouver School District is a progressive and culturally diverse district. It is the second largest school district in British Columbia and is among the most inclusive public-school systems in Canada with an annual enrolment of approximately 50,000 students in kindergarten to grade 12, over 9,000 educators and staff and an annual budget in excess of \$640 million.

The trustees on the Board of Education look forward to working with a new Superintendent of Schools as they continue their work to inspire student success by providing innovative, caring, and responsive learning environments. Their goal is to serve the needs of each student and foster their potential so they may self-actualize who they wish to become. The District actively implements policies and programs to ensure all students have equitable, inclusive, and anti-racist learning environments.

The Superintendent of Schools, as the chief executive officer of the District, reports directly to the elected Board of Education and is accountable for the efficient and effective operation of the District.
