Director, Information Technology

ABBOTSFORD
SCHOOL DISTRICT

About Us

We acknowledge that the Abbotsford School District is located on the traditional and unceded territory of the Semá:th First Nation and Máthxwi First Nation. With this, we respect the longstanding relationships that Indigenous Nations have to this land, as they are the original caretakers.

Located in the heart of the Fraser Valley, the Abbotsford School District is a diverse and fast-growing community, serving 20,000 students across 46 school sites. We are committed to providing a best-in-class educational experience through our four pillars of our strategic plan: student success, engaging opportunities, optimized resources, and a progressive workforce. As the city's largest employer, with over 3,000 dedicated employees, we foster a collaborative and inclusive workplace through our core values of communication, integrity, teamwork, respect, and trust.

Job Summary

Reporting to the Secretary-Treasurer, the Director, Information Technology provides strategic leadership and oversight of the Abbotsford School District's IT infrastructure, systems, and services. This role is responsible for developing and executing technology roadmaps that align with the district's strategic pillars, leveraging technology to enhance educational outcomes while ensuring data integrity, privacy, and security. Key areas of focus include enterprise architecture, infrastructure, cybersecurity, IT operations, telecommunications, and client services. The Director, Information Technology leads a high-performing team committed to collaboration, continuous improvement, and innovation, while cultivating strong relationships with internal and external partners.

Qualifications

The ideal candidate will hold a bachelor's degree in computer science, information technology, or a related field, with a master's degree preferred. They will bring a minimum of 7 to 10 years of progressive IT leadership experience, ideally within the education or public sector. The ideal candidate will evidence strong knowledge of Microsoft leading software and network supports including Microsoft 365/Azure. Demonstrate proven expertise in IT enterprise systems, infrastructure management, and cyber security, along with strong budget, financial, and project management experience and skills. Exceptional communication, leadership, organizational, and problem-solving abilities are essential.

We Offer

The salary range for this position is $159,519 to $177,243 per year with a comprehensive benefits package and municipal pension contributions.
